

SAS Ride Report
Sunday January 15, 2012
'An MRA Supported Event'

Adelaide – One Tree Hill – St Kilda

We started the first ride of the year at our usual haunt, BP West Terrace, Adelaide.
The ride captain for the day was Frank, assisted by Amanda as sweep.
The weather was brilliant and the ride group comprised 10 scooters (a couple with pillions) and one bike, as we started our journey.

Just some of the scooters and bike lining up at the start at BP West Terrace

Topcat proudly showed us his new ride, a Kymco Exciting 500, quite nice looking scooter.
We headed north out of town and made our way along Main North Road to Elizabeth, where we turned into Blacktop Road and made our way to One Tree Hill. On arrival we had a short break.

Quick break at One Tree Hill

After the break, we turned back down Blacktop Road towards Main North Road, and then continued to head west through Salisbury North and Burton, enroute to our lunch stop at St Kilda.

We arrived at St Kilda a little earlier than anticipated so we spend some educational time in the provided playground.

Lunch at St Kilda Hotel

After we finished playing we made our way to the St Kilda Hotel for a hearty meal enjoyed by all.

Unfortunately Marrie's scoot broke down (valve issues, back wheel) which put a damper on what had been an excellent day.
